RE: Promotion/Centron Gasoline and Diesel Treatment

Dear Mr. Herro:

Our company has reviewed the products that are used in your treatments as well as the process that is used by our company to blend the products and based on our review we believe the completed product to be safe when used properly for any gasoline or diesel engine.

MILSOLV® Corporation, a Brenntag Company, is owned by VEBA, AG one of Europe's largest publicly held companies. VEBA is Germany's third largest industrial company according to market capitalization as of December 31, 1997.

Sincerely

MILSOLV® CORPORATION

Walter E. Frohboese
President
