Dear Mr. Keegan,

This is in reply to your letter dated May 2, 2001, to Mr. Philippe Santini, requesting a statement of our position regarding the application of warranty when the Centron Fuel Savers are used in Mack vehicles.

Use of products which we do not manufacture, sell or recommend with Mack vehicles does not, in and of itself, void Mack warranty coverage. However, if the use of such products results in a failure directly or indirectly of a Mack component or adversely affects operation of the vehicle, we would not accept the responsibility under the terms of our warranty.

We also advise you that neither the contents of this letter nor the Mack name or trademark are to be used in any manner which implies Mack endorsement of such products.

Very truly yours,

MACK TRUCKS, INC.

Grafton, WI 53024Attention: Mr. Lewis M. Herro  
President

Dear Mr. Herro,

**Aftermarket Products and Warranty**

When auxiliary devices, accessories or consumables (filters, oil, additives, catalysts, fuel, etc.) made by other manufacturers are used on Caterpillar products, the Caterpillar warranty is not affected simply because of such use. Failures resulting from the installation or usage of other manufacturers auxiliary devices, accessories or consumables, however, are not Caterpillar factory defects and therefore are NOT covered by Caterpillar's warranty.

Caterpillar is not in a position to evaluate the many auxiliary devices, accessories or consumables promoted by other manufacturers and their effect on Caterpillar products. Installation or use of such items is at the discretion of the customer who assumes ALL risks for the effects resulting from this usage.

Further, Caterpillar does not authorize the use of its trade name, trademark, or logo in a manner that implies our endorsement of these after-market products.

Respectfully,

Mr. Gary M. Karl  
Sr. Project Engineer  
Caterpillar Fluids Engineering

## Volvo Trucks North America, Inc.

May 24, 2001

Mr Dick Keegan  
American Energy Group  
511 Broadway Suite 1  
P.O. Box 99  
Sheboygan Falls, WI 53085

Mr Keegan

In response to your inquiry dated May 4th regarding Centron Diesel Fuel Saver, we refer to our literature where it is clearly stated: "Supplemental additives are not recommended because of a high risk of injection system problems or engine damage."

The use of these products are at the discretion of the end user. Dependent on the product, for instance if it can form ash or it contains detergents which will end in fuel filter plugging, negative effects like wear in the fuel system and loss of power can be a result.

Our warranty covers defects in material and/or workmanship as manufactured and sold by Volvo. Therefore the use of any product sold in the marketplace and not manufactured by Volvo would not affect our warranty, unless the use of such a product results in a failure directly or indirectly of a Volvo component or adversely affects the operation of the vehicle when we would not accept the responsibility under the terms of our warranty.

The Volvo name, Volvo trademark, and Volvo logo are the property of Volvo and are not to be used in the advertising or promotional activity by anyone except with express written authority of Volvo.

Volvo requests that use of or of reference to this letter or its content must include the full text of the letter to assure clarity regarding warranty responsibility for the supplier's product.

Nothing in this letter is to be construed as authorization by Volvo to use Volvo name, trademark or logo in the sale or promotional activity of your product.

Sincerely,

Peter Carlstrom  
Chief Engineer  
Volvo Powertrain

May 8, 2001

Mr. Richard Keegan  
Executive Vice President  
American Energy Group  
511 Broadway, PO Box 99  
Sheboygan Falls, WI 53085

Dear Mr. Keegan,

Thank you for your recent inquiry regarding Cummins warranty position when your Centron™ fuel saver products are used with Cummins Engines.

Cummins Engine Company neither approves nor disapproves any product which we do not manufacture or sell. The use of non-Cummins products is at the discretion of the end-user, and any problems attributed to these products would not be recognized as a Cummins responsibility.

Our warranty covers defects in workmanship and/or material as manufactured and sold by Cummins; therefore, the use of any product sold in the marketplace not manufactured by Cummins would not affect our warranty. However, any engine performance problem or failure caused by products not manufactured or sold by Cummins is not considered by Cummins as a warrantable type of failure.

The Cummins name, various Cummins trademarks, and Cummins logo are the property of Cummins Engine Company, Inc. and are not to be used in advertising or promotional activity by anyone except with the express written authority of Cummins Engine Company, Inc.

Cummins requests that any use of or reference to this letter or its content must include the full text of the letter to assure clarity regarding warranty responsibility for the supplier's product.

Nothing in this letter is to be construed as authorization by Cummins Engine Company, Inc. to use the Cummins name, trademark or logo in the sale of promotional activity of any product.

Very truly yours,
